... and justice for all

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD). To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue SW, Washington, DC 20250-9410, or call 800-795-3272 (voice) or 202-720-6382 (TDD). USDA is an equal opportunity provider and employer. Issued in furtherance of Cooperative Extension work, Acts of May 8 and June 30, 1914, in cooperation with the U.S. Department of Agriculture. Cathann A. Kress, director, Cooperative Extension Service, Iowa State University of Science and Technology, Ames, Iowa.

Proceedings of the Driftless Region Beef Conference

January 30-31, 2014

Grand River Center

Dubuque, Iowa

Table of Contents

Speaker contact information	4
Cropping and livestock systems: Manure and soil quality	5
Jerry L. Hatfield, Laboratory Director, National Laboratory for Agriculture and the Environment, Ames, Iowa	
What did Discovery Farms learn about nutrient and sediment loss from studying a Wisconsin beef and cash grain farm?	7
Mark Riechers, Riechers Beef, Darlington, Wisconsin and Amber Radatz, co-director, University of Wisconsin Discovery Farms	
Cover crop mixes to meet grazing needs.....	9
E.M. Mousel, Extension Cow-Calf Educator, University of Minnesota, Grand Rapids, MN	
Beef feed storage from an engineering perspective	11
Brian J. Holmes, PhD, Professor Emeritus, Biological Systems Engineering, University of Wisconsin-Madison	
Use of unique or non-traditional feeds: Are we revisiting old school feedlot diets?	15
Galen Erickson, Nebraska Cattle Industry Professor of Animal Science, University of Nebraska-Lincoln	
New uses of stover: Stalklage as alternative forage	26
W. Travis Meteer, University of Illinois Extension, Orr Beef Research Center, Perry, Illinois	
Considerations for managing beef cows in confinement	29
Patrick J. Gunn, Ph.D., Joe Sellers, Chris Clark, DVM, and Lee Schulz, Ph.D., Iowa State University	
ISU Feedlot Monitor – v3	32
Garland Dahlke, assistant scientist, Animal Science, Iowa State University	
Health and nutritional strategies for managing incoming feedlot cattle	34
Nicole Kenney Rambo, University of Minnesota Extension	
Effect of heifer calving date on longevity and lifetime productivity	37
E.M. Mousel, Extension Cow-Calf Educator, University of Minnesota, Grand Rapids, MN; R.A. Cushman, Reproduction Research Unit, USDA-ARS, U.S. Meat Animal Research Center, Clay Center, NE; G.A. Perry and L.K. Kill, Department of Animal Science, South Dakota State University, Brookings, SD	
Cattle market outlook: 2014 and beyond	43
Lee L. Schulz, Assistant Professor and Extension Livestock Economist, Iowa State University
