

VISUAL ARTS BIOS

Kirt McVey is a non-traditional student back in school to get his Bachelor's degree in Bachelor of Design. He enjoys his inter-disciplinary studies because it allows him to utilize all his creative talents. When he's not studying, he's usually out taking pictures.

Kim Paul is a second year Psychology student from Midland, Michigan. She is actively involved in ISU Theatre and is continuing on the path to earn 5 minors (that's right, five).

Natalia Correa is currently studying English Literature and International Studies. Her hope is to publish a worthy novel someday.
