

## Untitled for Boonie

*Sarah Shimek*

he is a  
'57 chevy.  
rebuilt,  
with glass packs,  
and a 4:11 rear end...  
for street dragging.  
when he revs his engine  
the whole world  
trembles.

his smile,  
the wide chrome grill  
and his hair,  
slick and black  
where it curls  
over his windshield.  
his polished hubcaps  
shine and whirl  
as he cruises towards me.

he is a  
'57 chevy,  
when he revs  
his engine,  
my whole world  
trembles.

vroom, vroom.
