Dr. Forrest R. Clark

Doctor Clark

Dr. Forrest R. Clark is now employed as a research associate for Diamond Laboratories in Des Moines, Iowa since a heart attack in the spring of 1957 forced

him to give up his successful practice at Ogden, Iowa.

Dr. Clark was born in 1917 at Shannon City, Iowa. He attended grade school in various Iowa towns where his father was superintendent of schools. He graduated from high school at Toledo, Iowa in 1935.

Following his release from the U.S. Navy, Dr. Clark entered Iowa State College, receiving his D.V.M. in 1950. While at Iowa State, he was business manager of the Iowa State Veterinarian from 1949-1950.

Following graduation, he worked in the Iowa Veterinary Diagnostic Laboratory for eight months. This proved to be very valuable experience for him later as a general practitioner at Ogden, Iowa. Here he established a large practice. He was known by his clients as a hard worker, a good diagnostician, punctual in his appointments, scientifically minded in his treatment, and one that realized the value of good sanitation.

Dr. Clark is very active in civic affairs. He is past president of the Lion's Club, past patron of Order of Eastern Star, and a member of the Masonic Lodge and Za-Go-Zig. He is a member of the Methodist Church.

Dr. and Mrs. Clark have three daughters: Karen, 8; Nancy, 6; and Connie, 4.

Class of '56

Dr. Keith A. Bates lives at 3722 14th Ave. So., Seattle 44, Wash. He is presently in the Army Veterinary Corps. Dr. Bates was married on August 24, 1956 to a 1956 Home Ec. graduate of I.S.C., Miss Nancy Torgasen.

Dr. Joseph T. Blake lives at 516 E. 7th South, Logan, Utah. He is in the Veterinary Science Dept. at Utah State University, where he does research on bris-ket disease of cattle, bovine infertility, and poultry respiratory diseases. He is secretary of the Northern Utah Veterinarian Medical Association and chairman of the Western Regional Project on Poultry Respiratory Diseases.

Dr. P. J. Bohm is in general practice at Rochester, Indiana. He is a charter member of the newly formed Rotary Club. Dr. and Mrs. Bohm were the parents of a son, Garry Lee, born Oct. 14, 1958.

Dr. Charles W. Strather is in partnership at Westboro, Mo. They have a large animal practice. The Strothes have two adopted children.

PLANS REVEALED ANNUAL SUMMER CONFERENCE FOR VETERINARIANS

The Annual Conference for Veterinarians will be held on July 22 and 23 in the Memorial Union at Iowa State College, Ames, Iowa. The chairman of this centennial conference is Dr. M. A. Emerson, head of the Department of Veterinary Obstetrics and Radiology. The program is not yet complete, but according to information from Dr. R. A. Packer, program chairman, the conference should prove to be interesting. Such topics as control of cattle grubs, leptospirosis, and artificial breeding of swine will be discussed. A number of presentations will be shown on a closed TV circuit. Among these presentations are the use of tranquilizers in large animals, skin grafting in dogs, and use of gamma radiation in inactivation of animal pathogens.

On the evening of July 22, there will be a banquet at the Memorial Union. Following the dinner the speaker, Dr. M. W. Sloss, will give a review of the history of veterinary medicine at Iowa State College.

A complete program will be mailed to all practicing veterinarians in Iowa sometime in June.

—Forest Trafton '60

We Salute

Dr. Donald G. DeValois

Dr. Donald G. DeValois is a staff veterinarian in the biological testing department of Eli Lilly and Company. He has had wide experience in the field of public health as related to agriculture and veterinary medicine.

A native of Iowa, Dr. DeValois was graduated from Sheldon High School in 1939 and received his Doctor of Veterinary Medicine degree from Iowa State College in 1944. After 2 years military service as an officer with the Veterinary Corps of the United State Army, he spent 6 years in private practice in Sanborn, Iowa.

From 1952 to 1955 Dr. DeValois was in St. Paul, Minnesota, as director of the U. S. Department of Agriculture's Brucellosis Laboratory. In 1955 he received a Master of Public Health degree from the University of Minnesota.

For the last 3 years Dr. DeValois has been on a tour of active duty with the U. S. Public Health Service, studying rural occupational health in South Dakota and Tennessee.

He is a member of the American Veterinary Medical Association, Minnesota Veterinary Medical Association, Phi Zeta, veterinary recognition fraternity and Gamma Sigma Delta, agricultural recognition fraternity.

Annual Meeting of The AVMA

August 18-21, 1958

The "City of Friends" will be host to the 95th annual meeting of the American Veterinary Medical Association, August 18-21, 1958. A city of many "firsts" in history, Philadelphia, Pa. is rich in opportunity for pleasure, historical knowledge and scientific advancement.

A veterinary "first" took place here when Dr. Robert Jennings and several of his colleagues formed the American Veterinary Association, May 17, 1854, in Philadelphia, nine years before AVMA's official birth in New York 1863. The AVMA has met six times in the city of William Penn, the last time in 1927.

NOTICE

The Veterinary Medical Reading Room would like to obtain the July, 1957 issue of Am. Jour. of Vet. Research. Address to: Reading Room, Division of Veterinary Medicine, Iowa State College, Ames, Iowa.

The Chicago Academy of Science is launching a 3-year study of mites. These arthropods are described as the worlds most populous creatures and are a growing menace to the health of man, animals, and crops.
