
FACULTY NEWS

New Staff Members

Dr. Richard E. Bristol

A new clinician of the large animal clinic is **Dr. Richard E. Bristol**. He received his D.V.M. from Michigan State University in 1951 and was in general practice at Montfort, Wisconsin, from 1951-1962.

A native of Michigan, Dr. Bristol is married and has 5 children.

Dr. Edgar D. Roberts

Dr. Edgar D. Roberts is a new addition to the teaching and research staff in the Department of Veterinary Pathology.

A native of Texas, Dr. Roberts received his B.S. and D.V.M. degrees from Colorado State. Recently he received his M.S. degree from Iowa State University for his work on arthritis. At present, he is a can-

didate for a Doctor of Philosophy degree, continuing his research on arthritis.

Dr. Roberts worked at the Research Institute with Dr. Switzer on swine pneumonia and arthritis. He continued his work for a year at the National Animal Disease Laboratory in a diagnostic capacity.

This past summer, Dr. Roberts presented a paper at the national A.V.M.A. meeting in Miami. The title of the paper was "Pathology of *Mycoplasma hyorhinis* Arthritis of Swine."

Dr. Roberts, a Korean War Navy veteran, is married and the father of two children.

Dr. Victor S. Myers Jr.

Dr. Victor S. Myers, Jr., a graduate of the University of Pennsylvania, is a new clinician in the equine section of the large animal clinic. A native of Laurel, Maryland, Dr. Myers did three years of pre-veterinary work at Franklin and Marshall College. He received his V.M.D. degree from the University of Pennsylvania in May, 1962.

Dr. Myer is working on an internship basis, spending half his time in the clinic and half in graduate study toward the Degree of Master of Science.

Dr. Myers and his wife, Helena have two children.

Dr. Richard F. Ross

Dr. Richard F. Ross is a recent addition to the staff of the Iowa State University Veterinary Diagnostic Laboratory. Dr. Ross received his D.V.M. from Iowa State University in 1959 and his Degree of Master of Science in Veterinary Bacteriology from Iowa State University, also. He was employed by the Veterinary Laboratories, Inc., of Remsen, Iowa, which is an SPF pig laboratory.

Dr. Ross is married and has a six month old son.

Dr. Edwin C. Anderson

A new addition to the Ambulatory Clinic staff is **Dr. Edwin C. Anderson**.

Dr. Anderson, a native of Smithtown, New York, did his pre-vet work at Clemson College in South Carolina and received his D.V.M. from the University of Georgia, Athens, Georgia, in 1961. He served in the U.S. Navy during World War II and also during the Korean Conflict.

After receiving his D.V.M. in 1961, Dr. Anderson was in private practice in Estill, South Carolina.

Dr. and Mrs. Anderson have seven children, four boys and three girls.

Dr. George Allen

A new clinician in the large animal clinic is **Dr. George Allen**. He was raised on a ranch in southern Alberta, Canada. Dr. Allen did his pre-veterinary work at the University of British Columbia and graduated from Ontario Veterinary College (University of Toronto) in the spring of 1962.

Dr. Allen is primarily interested in internal medicine and diagnostics of large animals. He is doing graduate work toward his Master of Science Degree. Dr. Allen and his wife Lynn reside in Ames.

Dr. Ronald Jensen

A recent graduate of Iowa State University, **Dr. Ronald Jensen**, is serving an internship position in the large animal clinic.

Dr. Jensen received his D.V.M. from Iowa State University in May, 1962. He is doing graduate work toward the Degree of Master of Science. His research work concerns equine inhalation anesthesia.

Dr. Dwight R. Coulter

Faculty Activities

Dr. Dwight B. Coulter has recently joined the staff of the Department of Veterinary Physiology. A native of Iowa City, Iowa, he graduated from the College of Veterinary Medicine at ISU in 1960. He is presently a candidate for the degree of Master of Science.

Dr. Coulter was engaged in private practice in Kewanee, Illinois, before entering the U.S. Army. During his tour of duty, he attended the Medical Officers Orientation course in Fort Sam Houston and the Meat and Dairy Hygiene School at Chicago. The rest of his active duty time was spent at Fort Sill, Oklahoma, in charge of the small animal clinic and inspection of meat and dairy products. He was released with the rank of captain.

Dr. Gerald J. Grawley

Dr. Gerald J. Grawley is presently engaged in teaching and research for the Department of Veterinary Physiology and Pharmacology. He received his D.V.M. and M.S. degrees from Iowa State University in 1962. A native of Wisconsin, Dr. Grawley fulfilled the requirements for his B.S. degree at the University of Wisconsin. He is presently a candidate for a Doctor of Philosophy degree.

Dr. Grawley is married and the father of two daughters. He will be leaving for a tour of duty with the U.S. Army in January.

The annual meeting of the Iowa Inter-professional Association was held on Thursday, September 6, 1962, in the office of the Iowa Medical Society. **Dean I. A. Merchant** attended this meeting along with several other veterinarians from this area.

On Sept. 26, **Dean I. A. Merchant** attended a meeting of the Executive Board of the Iowa Veterinary Medical Association in Des Moines.

As a member of the review team of the National Institute of Allergy and Infectious Diseases, National Institute of Health, **Dr. I. A. Merchant** visited the University of Chicago on Sept. 17, the University of Illinois on Sept. 18, and the University of South Dakota on Sept. 19 to confer with applicants for National Institutes of Health Training and Research Career Awards. He also attended the fall meeting of the Allergy and Infectious Diseases Training Grant Committee in Bethesda, Maryland on October 24-25-26.

On November 12 and 13, **Dr. I. A. Merchant** attended the meeting of the Association of State Universities and Land-Grant Colleges held in Washington, D. C.

Dr. I. A. Merchant, in his capacity as Administrative Advisor, attended the NCR-37 Mucosal Disease Committee meeting held at the Hamilton Hotel, Chicago, Illinois on November 25. Following this he participated in the meetings of the Conference of Research Workers in Animal Diseases held at the Hamilton Hotel on November 26-27.

On November 30, **Dean I. A. Merchant** attended a meeting of the Advisory Committee of the Institute of Agricultural Medicine at the State University of Iowa, Iowa City.

Drs. M. S. Hofstad and **Harry W. Yoder, Jr.** of the Veterinary Medical Research Institute and **Dr. C. D. Lee**, Poultry Extension, presented a workshop on laboratory aspects of PPLO control in poultry to laboratory workers of Arkansas, Missouri, Utah and California, October 29-30.

On June 19, **Dr. Robert Getty** presented the paper "Recommended Minimum Standards for a Coordinated Academic Program Joining the EnEngineering and Basic Medical Sciences," authored jointly by Victor W. Bolie, M.A., M.S., Ph.D., Warren B. Boast, M.S., Ph.D., Dr. Getty, D.V.M., M.S., Ph.D., Melvin J. Swenson, D.V.M., M.S., Ph.D., at the San Diego Symposium for Biomedical Engineering which was held June 19-21, 1962, in San Diego, California. Dr. Getty also participated in a panel discussion with Dr. Dow, M.D., from Philadelphia and Dr. Rushmer, M.D., from Detroit, at which time the Biomedical Program at Iowa State University, as well as the training and teaching techniques utilized about the country were discussed by the panel and the audience.

Dr. Getty was asked to represent the American Veterinary Medical Association at the 1962 Audiovisual Conference of Medical and Allied Sciences in Chicago from June 21-23. The Audiovisual Conference of Medical and Allied Sciences is composed of representatives from all the various professional fields such as A.M.A., A.D.A., American Nurses Association, etc. Dr. Getty has represented the A.V.M.A. for the past ten years at this conference and this year was honored by election to the office of Co-Chairman of the Conference for 1962-63. Other officers are, John H. Huber, M.D., Temple University of Medicine, Chairman; James Lieberman, D.V.M., director of the National Medical Audio Visual Facility, U. S. Public Health Service, Atlanta, Ga., secretary; George Dame, executive secretary, Audio Visual Council, American Podiatry Association, Washington, D.C., recording secretary and treasurer; Kathryn Linden, director, ANA-NLN Film Service, New York, N. Y., program chairman; and Daryl Miller, director, Bureau of Audio Visual Service, American Dental Association, Chicago, Ill., arrangements chairman.

Dr. Getty, president of the American Association of Veterinary Anatomists for the year 1961-62 presided at the business meeting and luncheon of the Veterinary Anatomists Association at their Annual Meeting which was held August 16, 1962

during the 99th Annual Meeting of the A.V.M.A. at Miami Beach, Florida. He also presented and participated in a discussion at the Ciné-Clinic on Monday, August 13 when two films produced in the anatomy department at Ames were shown, namely, "Applied Anatomy as Related to Pudendal Nerve Block" by Robert Getty and John Bowne; and "Functional Anatomy of the Reproductive Tract of the Cow" by Dr. Robert Getty and Dr. John Herrick.

Dr. Robert Getty presented a paper entitled, "Gerontology of Domestic Animals" on Tuesday, September 18, at the Midwest Interprofessional Seminar on Diseases Common to Animals and Man, Memorial Union, Iowa State University, Ames, Iowa.

Dr. B. H. Skold of the Department of Veterinary Anatomy also presented a paper entitled "Spontaneous Antherosclerosis in the Arterial System of Ageing Swine" at the Midwest Interprofessional Seminar on Diseases Common to Animals and Man, September 18, 1962.

Dr. Harry W. Yoder, Jr. of the Veterinary Medical Research Institute participated in a Conference of Research Workers in Airsacculitis held in Washington, D. C., May 28-30.

Dr. W. P. Switzer, Veterinary Medical Research Institute, participated in a roundtable discussion of rearing of gnotobiotic swine at the Third Symposium on Gnotobiotic Technology held June 27-29 at Lobund Laboratories, University of Notre Dame, South Bend, Indiana.

Dr. Harry W. Yoder, Jr. of the Veterinary Medical Research Institute presented a paper, "PPLO other than *Mycoplasma gallisepticum* associated iwth turkey sinus and air sac lesions", at the Poultry Science Meeting, University of Illinois, Urbana, held June 25-29.

Dr. James E. Lovell of the Veterinary Medical Research Institute attended a workshop on techniques and applications of the electron microscope for biological and medical research held at Cornell University, Ithaca, New York, June 8-29.

Dr. David Gambal of the Veterinary Medical Research Institute presented a pa-

per, "Fluorimetric Determination of Phospholipides" to the Research Section, annual meeting of the American Veterinary Medical Association, Miami Beach, Florida, August 12-16.

Dr. Harry W. Yoder, Jr. of the Veterinary Medical Research Institute attended the Poultry Pathologists Conference at Princeton, N. J., November 5-8, and presented a report, "Varied Etiology of Sinusitis and Air Sac Lesions in Turkeys."

Dr. Melvin J. Swenson and Dr. Richard B. Talbot will be attending the Conference of Research Workers in Animal Diseases in Chicago in late November. Papers to be presented by them are entitled as follows: "Survival of Cr⁵¹ Labeled Erythrocytes in Swine," and "A Disease in Swine Similar to Gut Edema Produced by Exogenous ACTH and By An Adrenocortical Hormone".

Dr. Lea R. Hutchinson, instructor in the Department of Veterinary Obstetrics and Radiology, resigned his position to accept a position with the USDA, ARS, ADE in San Angelo, Texas.

Dr. Hutchinson received his V.M.D. from the University of Pennsylvania in 1957. He came to Ames in July, 1960 and received his Master of Science Degree in Veterinary Obstetrics in November, 1962.

Dr. Frank K. Ramsey presented a paper at the Iowa Creamery Operators Association in Cedar Rapids on October 19. The title of the paper was "The Significance of East Africa to the United States." He is also scheduled to address the Conference of Veterinary Diagnosticians in Washington, D.C. on October 29 on the subject of lightning strike diagnosis.

Dr. Melvin J. Swenson, Head of the Department of Physiology and Pharmacology, attended the New York City Veterinary Meeting, November 7. He gave a paper on "STRESS—The General Adaptation Syndrome."

"You and Radiation" was the topic given by **Dr. Fred C. Davison** at the Central Iowa Veterinary Medical Association meeting at Ankeny on November 19.

Dr. Fred C. Davison and Dr. Wm. O. Reece attended a conference November 1-3 in Rochester, New York. This is the A.E.C. Inhalation Toxicity Group meeting.

Dr. R. F. Bristol attended the National Convention of the AVMA in Miami Beach, Florida, August 12-16 where he presented a paper entitled "The Practitioner's Evaluation of State and Federal Regulatory Programs."

On November 2, 3, and 4. **Dr. M. A. Emmerson** attended the 6th Annual House Management Course, conducted by the Arabian Horse Owners Foundation at Friendship Farm, East Moline, Illinois. Dr. Emmerson presented a talk on skeletal development including stages of maturity and skeletal growth using radiographs.

Victor W. Bolie, Chairman of Biomedical Electronics, attended the 15th Annual Conference on Engineering in Medicine and Biology. He is a member of the national committee on biomedical education of the Engineering in Medicine and Biology committee of the American Institute of Electrical Engineers. The conference was held November 5, 6, and 7 at the Conrad Hilton Hotel, Chicago, Illinois.

The above meeting was also attended by **Dr. D. Dale Gillette, Dr. R. B. Talbot, and Dr. A. L. Stout.**

Class of '65

(Continued from page 44.)

Don Westerkamp became engaged to Linda Harris of Lynnville, Iowa. Linda is in Home Economics at William Penn College.

Rod Wartig and Marilyn McCarnon were engaged on August 31, 1962. Marilyn attends Iowa State University and is a junior in home economics.

A daughter, Sherry Lee, was born to **Mr. and Mrs. Donovan Lucas** on October 21, 1962.
