## **Dr. Ledet Passes Boards**

On December 2, 1975, in San Francisco, Dr. Arlo E. Ledet successfully completed the board examination in veterinary clinical pathology and was, therefore, certified as a veterinary clinical pathologist. In 1972 he was certified as a veterinary pathologist. There are only eight other veterinarians in the United States and Canada at the present time who are certified in both specialty areas.

Dr. Ledet joined the faculty at Iowa State University in 1962 after spending several years in general practice. He holds the rank of professor in the Department of Veterinary Pathology at Iowa State University and is in charge of the clinical

pathology laboratory. He has been most active in the teaching and continuing education programs of the College. Dr. Ledet's areas of interest in research include hematology and clinical chemistry. He is a member of many professional, honorary and scientific societies, among which are the Iowa and American Veterinary Medical Associations, American College of Veterinary Pathologists, Phi Zeta, Sigma Xi and Gamma Sigma Delta.

## ***Class of '77***

Ted and Terri Stoneberg (77) had a baby girl, Tami Lee, on October 2, 1975.

Mike Foland (77) and Carolyn Hurst were married May 31, 1975.

## ***Class of '76***

Jim and Ann Connell are the proud parents of Justin James, born December 15, 1975.

## Christmas Party 1976

### ISU Vet College

The annual Student A.V.M.A. Christmas party was held in the Great Hall of the Memorial Union on December 10. The theme of the party, Las Vegas Nights, was a real inspiration to the students, faculty members, spouses and dates as the Black-

jack, poker, roulette and craps tables were crowded during most of the evening. The party was closed with an auction, during which the luckier players used their funny money winnings to bid on wrapped items ranging from bars of soap to cowboy hats.

Dewayne Rahe, Class of '77, takes a turn at helping to run the bank—changing large bills into small and overseeing the door prizes.

The gaming tables make no distinction between instructor and student, as Dr. David Graham seems to be discovering.

Judy Wiegel and Tom Pease Class of '77, conduct the auction that concluded the evening's activities.
