Taki please

You'll never  
make the pool  
from up there  
no matter  
how blue  
the water  
or how clear  
this summer air

and I  
don't have  
the time  
tonight  
to hose  
what's left  
of your brains  
and blood  
from the tile  
this is  
a party  
not a suicide  
it's not funny  
so don't smile

Taki please

there are tan  
blonde women  
inside  
who want  
to know  
your name  
who want  
to learn how  
you say  
I Love You  
in Japanese  
so come down  
from the roof  
Taki please

Malcolm's bringing  
more cocaine
