Dear Dr. Shin-Che Huang,
I work for the Iowa State University Library and I have been working with Dr. Halil Ceylan to get his scholarship deposited in our institutional repository, Digital Repository @ Iowa State University. Dr. Ceylan is a contributing author to your journal, International Journal of Pavement Research and Technology, and I am writing for permission to deposit copies of his article in our repository. Dr. Ceylan has published an article in International Journal of Pavement Research and Technology, including:
Halil Ceylan, Mustafa Birkan Bayrak, and Kasthurirangan Gopalakrishnan, "Neural Networks Applications in Pavement Engineering: A Recent Survey." International Journal of Pavement Research & Technology, 7 (2014): 434-444.
Digital Repository @ Iowa State University is a non-commercial institutional repository that provides access to the scholarship of Iowa State University's faculty, students and staff. This scholarship is made available for personal, educational and research use. All articles deposited in the repository are described with complete bibliographic information for the original publication and includes an explicit statement identifying the date and owner of copyright.
Please let me know if we have permission to deposit this article in our repository. I look forward to hearing from you.
