

ALUMNI NEWS

Homecoming and Reunion

Let us remind you once again that Oct. 14, 1950 is VETERINARIANS' DAY at Iowa State College. All veterinary alumni of Iowa State College have by now received by mail their personal invitation to attend the second annual homecoming and reunion. Fill out your reservation slip and return it to us immediately so that we can make all of your arrangements for you. Remember, this is your homecoming and we want to help you make it a success. The larger the crowd the more enjoyable will be the day. So let's fill the quadrangle to overflowing for homecoming, Oct. 14.

*"The Quality of a Product Depends
on the Integrity of the Maker".*

Spoken many years ago, those were the words of a man whose sole duty was the supervision of the manufacture of Veterinary serums and viruses.

Integrity is one of the priceless ingredients of Patterson-Harwood Anti-Hog-Cholera serum and Hog Cholera Virus . . . It never varies.

Many Veterinarians changed to PATTERSON-HARWOOD in 1949 and are happy about it . . . You too can be happy in 1950.
