## Announcements

# Asian soybean rust is the focus of the next issue of the *ICM Newsletter*

by Keven Arrowsmith, Extension Communications

The next issue of the *ICM Newsletter* will be a special issue devoted solely to Asian soybean rust. This issue is being published to provide agribusiness personnel with the latest information about Asian soybean rust and to help them make plans for the 2006 growing season.

Topics planned for the special issue include a review of Asian soybean rust in the United States in 2005, 2005 fungicide trial disease control data, 2005 fungicide trial disease yield data, spray technology data, review and update of the sentinel plot network for early detection of soybean rust, fungicide storage tips, review of samples

submitted via the Fast Track Identification System in 2005, ISU Extension educational resources for soybean rust, a survey of fungicide usage in 2005 by Iowa Corn and Soybean Initiative partners, and implications of Asian soybean rust for the grain market in 2006.

If you haven't done so already, be sure to renew your *ICM Newsletter* subscription for 2006. A subscription form is available on page 35.

---

*Keven Arrowsmith is managing editor of ICM Newsletter and extension communications specialist with responsibilities in agriculture and pest management and the environment.*

*Integrated Crop Management* is published by Iowa State University Extension, with funding support from the Integrated Pest Management program. Subscriptions are available for \$45 a year from the Extension Distribution Office at ISU. To subscribe or change the address of a current subscription, write to 119 Printing and Publications Building, Iowa State University, Ames, Iowa 50011 or call 515-294-5247. Please indicate that you are inquiring about *Integrated Crop Management*. Marlin E. Rice, Department of Entomology, is executive editor of *ICM Newsletter*; Keven Arrowsmith, Continuing Education and Communication Services, is managing editor; and Donna Halloum, Instructional Technology Center, Iowa State University, is production designer.

### ... and justice for all

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status. (Not all prohibited bases apply to all programs.) Many materials can be made available in alternative formats for ADA clients. To file a complaint of discrimination, write USDA, Office of Civil Rights, Room 326-W, Whitten Building, 14th and Independence Avenue, SW, Washington, DC 20250-9410 or call 202-720-5964. Issued in furtherance of Cooperative Extension work, Acts of May 8 and June 30, 1914, in cooperation with the U.S. Department of Agriculture. Jack M. Payne, director, Cooperative Extension Service, Iowa State University of Science and Technology, Ames, Iowa.
