**Fine. I said it's fine. Everything here is fine.  
We don't mind—it's so fine.**

We can ALL choose  
and we refuse  
to eat tuna  
use styrofoam  
drink Coke  
smoke dope  
hate and  
discriminate  
to beat up others  
for their mate  
date rape  
to buy Guess  
grapes  
Exxon  
Dominoes  
and Scrimshaw.  
We all use paper  
no plastic please  
I get as much money  
as a man  
69 cents was never grand.  
The night is safe  
and women can walk alone  
Self-determination  
we all condone.  
Toxic waste  
is not dumped  
with haste  
our waters are clean  
and I mean,  
nuclear free  
those ships of the sea.  
Peace in the Middle East  
we helped out at least.  
We all know

## Mooney

that power over  
is different when you're under.

Biko is out  
people all doubt  
that Quayle is capable  
there is a staple  
of food for the Third World

Donald Trump builds  
public housing  
and Bush doesn't lie.

Our lungs  
are not a landfill anymore  
All along the shore  
there are no oil spills.

Dioxon poisoning  
and ocean strip mining  
are prevented.

Eating disorders  
do not exist

we insist  
there be no

agism  
classism

sexism  
racism.

We banned  
Photoplankton blooms  
chlorofluorocarbons  
pentachlorophenol  
racial slurs  
and buying furs.

The ozone hole is gone  
and acid rain  
doesn't water the lawn.

We saved the dolphins

the Beluga whales  
the roos  
the sea turtles  
the seals  
the polar bear  
the panda bear  
the wolf  
the crocodile  
the rain forest  
the planet  
We saved the people.  
And we ALL—  
are fine.  
F - I - N - E.  
Fine.
